Section I: AMENDMENT OF STANDING RULES

The Standing Rules of this Federation were adopted by rule of the majority. At any meeting of the Board of Presidents or any Executive Board meeting where the chapters have representation by their Region Director, standing rules may be suspended, modified, or rescinded by a 2/3 vote, with a quorum present, without the delay incident to giving previous written notice.

Section II: DISTRIBUTION OF THE STANDING RULES

A copy updated through the previous calendar year will be distributed to all Club Presidents and Board Members each year. New clubs will get a copy along with a set of the bylaws as they become chartered.

Section III: MEMBERSHIP

A. AFFILIATION:

1. Clubs having less than 100% affiliation with BASS will have sixty days to rectify the situation. A club would be in forfeiture of membership status until rectified. The club must notify the membership chairman as to any dropped members.
2. That each case of putting a club in "forfeiture of membership" status and subsequent appeal should be handled on an individual basis.
3. The cut-off date for club affiliation is July 1st for the following year's Mr. Bass tournament.
4. Established that MBN rosters and B.A.S.S. rosters must match club membership (expiration dates now included on rosters).

B. DUES:

1. Club affiliation dues are \$50/club charter; Member dues are \$20/member.
2. That membership dues are not transferable from an existing affiliated club to a non-affiliated club for the purpose of obtaining new MBN club affiliation.

C. REGIONAL PLACEMENT:

1. A club will not be assigned to a region until after the Nation has received their charter from B.A.S.S. At which time the Executive board will review the roster for determination as to which region they are to be placed. Assignment of clubs will be handled on a case-by-case basis.
2. Procedure for clubs requesting to move chapter clubs memberships from one region to another:
 - a. contact the region director of the region in which the club currently resides.
 - b. then contact the region director in the region that they are requesting to be placed.
 - c. the club must send a representative (or letter) before the executive board with the request.
 - d. the decision, as to placement, will be made by the two region directors that this matter would involve.

D. MEMBERSHIP MAILING LISTS: Our membership mailing list will only be considered for distribution to organizations which are non-profit, and only if the Executive Board feels that it would benefit the members of the Maryland Bass Nation. Also these organizations must guarantee that this list only be used for the purposes decided by them and the Maryland Bass Nation and would not be given out to others.

E. OFFENSES AND PENALTIES: Each region is to administer the appropriate step in the "5-Step Plan" and a keep record of any club so affected. In addition, the Regional Directors are to inform the MBN Secretary for entry into the official records. The Secretary will inform all appropriate people.(i.e. Membership Chair and Tournament Director).

5-Step Plan (from 1st offense)

1. Infraction Definitions:

- a. Minor:
 - Clubs paying dues late (either region or MBN).
 - Clubs not working an assigned tournament (not an already assigned penalty working tournament).
- b. Major:
 - Clubs not making 50% of region meetings within a calendar year.
 - Clubs not complying with administered penalties.
 - Clubs violating the MBN Bylaws.
 - Clubs showing conduct that puts the MBN in bad light with B.A.S.S. or in the public eye.

* Any infractions not covered in this plan will be decided on by the appropriate region or by the MBN Executive Board.

2. Infraction Penalties:

- a. Minor:
 - 1st Offense
 - Pay a fine to be determined at time of offense (for financial offenses).
 - Work one MBN event (for non-financial offenses).
 - 2nd Offense -- Pay a fine and work one MBN event.
 - 3rd Offense -- Move to 1st offense for major offenses.
- b. Major:
 - 1st Offense -- Work two MBN Events.
 - 2nd Offense -- "Non-Affiliated" for the year.
 - 3rd Offense and thereafter - "Non-Affiliated" for the year and must work two MBN events.

* The MBN Tournament Director and Regional Director will determine all work penalties.

** For all worked tournaments either 50% of the club or 8 members, whichever is the lesser of the two, must show up in order to count. For individuals who are from disbanded clubs that were or would have been on the "5-Step Plan", the work penalties will follow them as individuals as long as they are in the MBN or until the work penalties are fulfilled.

3. **Accusations Against Members:** The following is the procedure for handling allegations made against any MBN member other than tournament rules violations or tournament protests (paragraphs 1,2, and 3 come from "Robert's Rules of Order"):

4. First Step:

- a. If evidence of misconduct by a member is reported, a committee will be assemble to investigate the validity of the report to see if charges should be formalized. The members of this committee should be chosen for their integrity and good judgment. To establish such a committee requires that a resolution should be made (a motion in writing), seconded, discussed, and voted on. The resolution should avoid as much detail as possible to protect the parties, who may be innocent.
- b. All allegations shall be brought to the Executive Board, by way of the region director. If the region director is one of the accused, then the highest ranking non-accused region officer will present the allegation. If all region officers are accused, then the allegation may be presented by any non-accused MBN officer other than the accuser. The allegation must be in written form with the name of the accuser and the name of the defendant and reasonable cause for the action.
- c. The committee should be made up of nine members: a committee chair who is a member of the board; eight other members who are selected two from each region. None of the committee members can be the accused or the accuser.
- d. Once it is brought forth to the board in the new business portion of the meeting, the committee chair sets a date, not to exceed forty-five days, to have a closed committee session to address the matter. There will be no more discussion about the matter at any board meeting until a final conclusion of the allegations are completed.

5. Second Step:

- a. The committee should quietly conduct its investigation and make a sincere effort to get the facts. Any information collected is confidential. The committee should also talk with the accused to hear his or her side of the story. If the committee members find that the reports of misconduct are untrue, they should prepare a report and resolution clearing the accused. If they find substantial evidence that the report of misconduct is true, the next step is to report the findings and prefer charges.
- b. All evidence must be brought to the closed session and must be shared with the defendant with-in one week after said session so that each party involved has equal time to prepare their case.
- c. The committee will also have the right to consider the context of the accusation to determine if it is a malicious act toward the defendant.

6. Third Step:

- a. The investigating committee prepares several resolutions. The first resolution includes setting a date and time for the trial meeting. It states that member "X" is to appear to show why he or she should not be expelled from the organization; it also states the specific charges. A second resolution establishes the trial committee and its members. The trial committee should have different members than the investigating committee*.
- b. The trial meeting date is not to exceed ninety days from the original date that the accusation was brought before the board.
- c. The makeup of the Trial Board:
 - 1) The trial board will be the Executive Board of the MBN. In the event that there are not at least seven eligible board members (see 2 below and * above) then those remaining will choose members from membership to bring the total to seven. No more than one per region unless each region is represented and no more than two per region.
 - 2) The person or persons who bring forth the allegation have no vote in the matter, nor do any of the accused.
- d. If the committee finds no evidence to support the allegation and determines it is just a malicious act then the board reserves the right to revoke the membership of the accuser.
- e. The decision of the board will be final.
- f. The outcome of the hearing will be in written form and given to the region directors to have as public record of the matter.

Section IV: EXECUTIVE BOARD OPERATIONS

A. ELECTIONS: (every "even" year)

1. In order to accept officer election votes, they have to be by individual club member votes, not merely a club total vote.
2. "No return" of ballots sent to clubs indicates a vote of abstention (except for Bylaw changes).
3. The secretary will receive and confirm all ballots submitted by clubs.
4. In dealing with the election of officers for the Maryland Bass Nation Executive Board there shall be a 2 person committee designated by the MBN President and approved by the Board of Directors to tally the votes.

If a boater's non-boater does not show for the start of the tournament, that boater still fishes with who he got paired with for the day. A Boater may only fish 1 time alone. When visually fishing for bedding bass, in order to be counted as a legal fish, all bass must be hooked inside the mouth and must be verified by your partner before being unhooked.

Horsepower cannot exceed the limitations set by the U.S. Coast Guard. When required, each boat must have a U.S. Coast Guard horsepower-rating plate attached to the boat by the manufacturer. The horsepower of the outboard engine must NOT exceed the rating specified on this plate nor the horsepower maximum set by MBN. Each competitor agrees to submit, by his signature on the official entry form, the boat and outboard motor used in the tournament, to an inspection by factory-trained personnel, if there is any reason to suspect the horsepower is in excess of the rating. Normal maintenance of engines is allowed. Changing or altering standard factory parts of a competitor's engine to increase the horsepower over the factory horsepower rating is forbidden, and will result in disqualification. Falsifying information on entry forms or altering the horsepower-rating numbers on the engine is also cause for immediate disqualification from MBN tournaments.
2. A boat equipped with "stick steering" may be used if the motor horsepower does not exceed the stick rating.
3. **Safety Features:**
 - a. All boats must be equipped with an approved type of operable ignition "kill" switch. This ignition-kill device must be attached to the driver's body any time the combustion engine is operating. Any time the combustion engine is operating and in gear there must be a driver in the driver's seat in full control of the boat.

Additional gas tanks that are factory options and installed by a manufacturer's authorized dealer are permitted. Boats that do not have factory-installed gas tanks are restricted to a maximum of 18 gallons of gasoline in tanks that meet U.S. Coast Guard regulations. Gas tanks must be properly secured or strapped in a boat.
 - f. Every boat must have all required Coast Guard safety equipment as well as a functional bilge pump and livewell space, properly aerated, to adequately maintain alive a limit catch of bass by both competitors using the boat. Tournament officials shall have the sole responsibility for determining whether aeration and capacity is proper and adequate. Boaters must make a back seat available for non-boaters each competition day.

O. SCORING:

2. Only Largemouth, Smallmouth, Spotted, Redeye or Shoal bass will be weighed.

6. Bass must not be on a stringer at any time during the tournament.

Second place finish receives 199 with subsequent finishers dropping down by a one point margin. Any competitors not catching and weighing fish will receive 0 (zero). There will be no tie breakers during the four individual events.

Duplicate weights will receive duplicate points. (Example, if 2 anglers tie for second place each will receive 199 points with the next place receiving 197. If 3 anglers tie for 2nd place each will receive 199 points with the next place receiving 196). At the conclusion of all events, tie breakers, if needed, will determine State Team placement

10. **Tiebreakers:**

a. **SQT Trail:** SQT individual tournaments will not have a tie breaker; ties will result in competitors receiving equal points. In order to break a tie for accumulated points at series completion, the following criteria order will be used:

- 1) Total number of fish caught during all three events
- 2) Highest place finish during all three events
- 3) The largest stringer in the series
- 4) Total weight caught in all three events

b. **Mr. Bass and MBN State Championship:** Weight of the largest creel during the two competition days will break the tie. However, If one day of the Mr. Bass or Maryland State Championship is cancelled and there is a tie we revert to the following to break any ties.

- 2nd tiebreaker = Lunker
